Longer enjoyment of your Grant appliance, guaranteed.

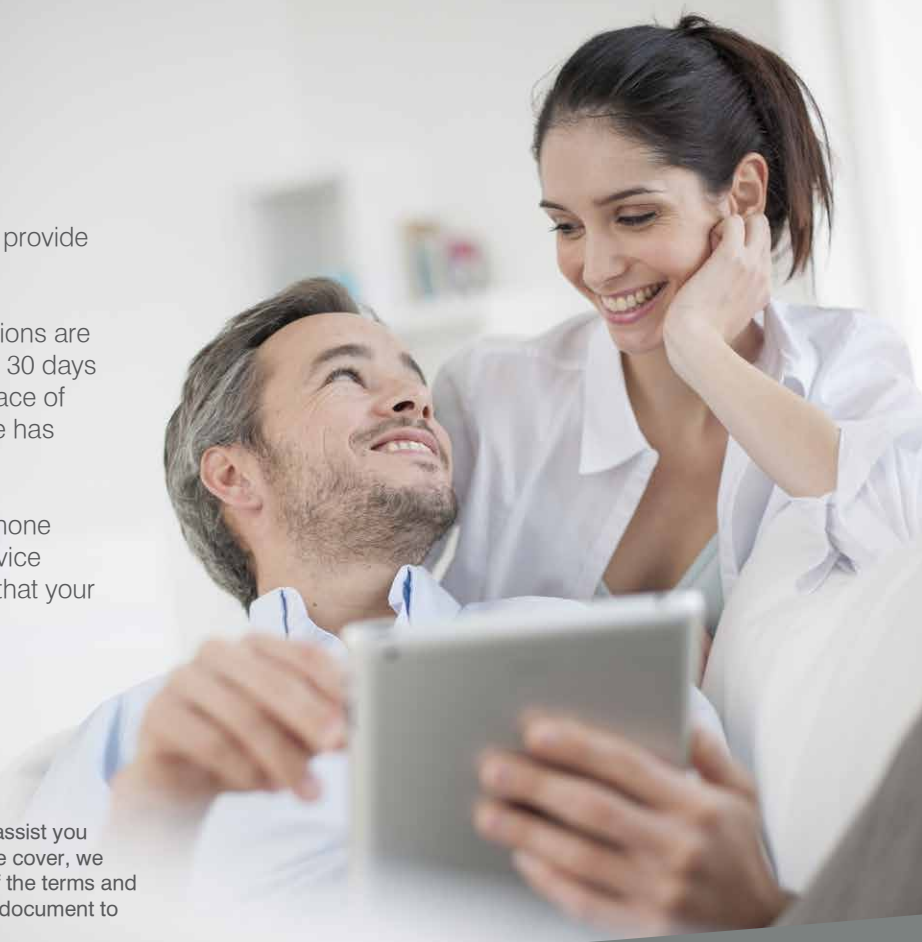

Your Grant appliance works hard all year round to provide heat and hot water for you and your family.

Our unique range of 3-year extended warranty options are exclusively available for products registered within 30 days of installation and designed to give you added peace of mind after your standard 2 year product guarantee has expired.

With a dedicated customer services team just a phone call away, and a national network of approved service engineers, you are able to relax in the knowledge that your product is in safe hands.

Important

This document represents only a summary of cover to help assist you making an informed purchase decision. When you purchase cover, we will provide you with a policy document which contains all of the terms and conditions of the policy. Please take time to read the policy document to make sure you understand the cover it provides.

Registering your product

In order to be eligible for our extended product warranty, you must register your Grant appliance with Grant Engineering (UK) Ltd within 30 days of installation.

To do so please visit www.grantuk.com and follow the links to the online product registration facility.

Cancellation policy

If you change your mind, you may cancel or withdraw from the Scheme at any time before the end of the first year's Manufacturer's guarantee period (12 months from date of installation) or until 14 days after you receive your policy certificate (whichever is later) and receive a full refund, unless your appliance has already been replaced or written off.

Grant Engineering (UK) Ltd reserves the right to charge £25 administration fee if the policy is cancelled within this time.
