colin@grantuk.com

M

Paul Scott
Business Development Manager
07971 677457
paulscott@grantuk.com

STEP 2

Our Training Department will get in touch to provide you with information on venues and dates for Grant product training courses

STEP 3

COMPLETE THE ONLINE APPLICATION FROM

www.grantuk.com/trade/g-cert-enrolment

YOU WILL NEED TO UPLOAD

1

Public Liability
Insurance Certificate

2

Relevant professional
qualifications for the
person installing the
technology

3

Customer Service
Agreement
(if available)

STEP 4

Download &
complete the
following documents

- Trade reference request form
- Calibrated equipment form

Please be aware that we will require the details of any Electrical sub-contractors involved with future installations and we will request this information in due course

IMPORTANT

This training is mandatory if you have not been previously trained on the current Grant products

STEP 5

ATTEND A GRANT PRODUCT
TRAINING COURSE

STEP 6

SIT BACK, WE'VE GOT THIS

We will now take some time to go through all your documents to make sure we have everything we need.

We will check qualification & training, trade references, company credit check, PL Insurance, test equipment list & calibration certificates (where applicable)

7

ALMOST THERE

ONCE YOUR APPLICATION IS APPROVED YOUR
AREA SALES MANAGER WILL CONTACT YOU TO
ARRANGE A MEETING

He will take this time to discuss the terms of the
sub-contract agreement with you and provide you
with a copy of the Renewable Energy Consumer
Code (RECC)

Please note that the RECC is for your guidance with
regards to the consumer trading standards. You should
familiarise yourself with the conditions of this code.

STEP 8

CONGRATULATIONS

Once your signed Sub-Contractor agreement has been returned you will receive membership confirmation and your G-Cert membership number by email

THANK YOU!
